

Grand Opening and Ribbon-Cutting

PRESS RELEASE

February, 6 2017

FOR IMMEDIATE RELEASE

Ribbon-cutting Ceremony to Celebrate Grand Opening of Timber Oaks expansion in Union Grove

Union Grove, WI—Sister Companies Oak Ridge Care Center and Timber Oaks are pleased to announce they will hold a ribbon-cutting ceremony for its recently renovated assisted living facility.

“We’re happy to introduce this state of the art space to both the local community and to our clients who will benefit from the improvements.” said Steve Kuranz, Executive Director of both facilities. “The ribbon-cutting ceremony for Timber Oaks marks the launch of a new phase for both businesses.”

The Greater Union Grove Area Chamber of Commerce will facilitate the 12:30pm ribbon-cutting and Union Grove Area Chamber Representatives and local officials will assist in congratulating Timber Oaks on its expansion. To further extend its commitment to the residents and local community, the existing care model is being extended to provide a new household with an additional 14 beds featuring dining, living, and activity spaces. Residents are provided with private and semiprivate rooms which include fully accessible toilet and bathing. The existing household rooms and commons spaces will be updated to reflect the new finish palette.

The public is invited to tour the facilities and meet the staff at 1390 8th Ave, in Union Grove on February 23rd between 12pm-2pm with the ribbon-cutting at 12:30pm. Followed by refreshments provided by Timber Oaks.
