

THE DIFFERENCE OUR FAMILY MAKES

Is this the right place? Is Oak Ridge
Care Center the best place for your
loved one?

It's an important decision you're about
to make, perhaps one of the most im-
portant you've ever made. To help you
make it, there is one thing you should
know about Oak Ridge that sets us
apart.

Oak Ridge is a family enterprise. We
have been dedicated to residential care
since 1968, providing a home away
from home for our residents.

What difference does that make? On
the face of it, we offer the same services
that other quality residences offer: first
rate medical and therapeutic person-
nel, excellent food and recreational
activities.

It is the way these services are offered
that makes the difference. Because we
are a family relating with families like
yours, we think you'll sense a special
atmosphere here— a warmer, more
open and caring environment than you
would find elsewhere.

We have one thing to ask of you. Ask
questions. Ask about anything and
everything that comes to mind. We are
here to answer them for you, to be
thoroughly open and honest with you.

TESTIMONIALS

"The choice of a Skilled Care Center is a very difficult decision for a family to make whether for a short or long term stay. My wife required skilled care and therapy following a series of strokes and seizures. I had a choice of different Care Facilities and chose Oak Ridge Care Center based on a recommendation from a friend. The

Oak Ridge care giving staff and therapy professionals' attention to my wife's needs were beyond expectations. Their personalized plan for therapy and care allowed my wife to be discharged from the facility much sooner than expected." -Patrick A.

"We appreciate that the facility is smaller and the residents and staff are like family. The interaction between the residents and staff is wonderful." -Family Member
